1/22/75

Dear Harold,

Youre really great offering me the use of your spare room and I'd love to take you up on the offer. However, when I was talking about making the trip to my best friend, she thought it would be great if we made the trip together and spent a few days in Washington, since neither of us has been there in some time. We havent made any specific plans yet because both of us will be swamped with work for a while, but when we do come down we should be able to get a hotel room without much difficulty. I appreciate your offer and would accept it if I were coming alone.

Thanks for giving me Ray Marcus' address, I heard from him a few weeks ago. He sent me a copy of "The Bastard Bullet" and some stuff on the Moorman photo. The book is pretty good, but he seems to stretch things a bit far as to what he says the photo shows.

After almost 8 months I actually got a letter from the CTIA. They apologized for taking so long and said that I'm on their new mailing list. what a big help!

Well, I have to cut the letter short, I'm in the middle of writing a paper on the Tonkin Gulf Resolution. Take care.

Karen
